I was in Reno from Feb. 28th 1945 until April 16th. My "D-DAY" as we called it then was postponed because the Washoe County Court closed out of deference to the death of Pres. Roosevelt,

I well remember cocktails at Woodburn's house with 2 girls whom he also had as clients, plus the society gal of the local newspaper. Then dinner, dancing and drinking at the "El Cortez," the best in the west.

It was a cross complaint situation and I could give the name of the other lawyer if I were home.
