Dear Mrs. Drackert:

Thank you for your letter of December 2, 1970. A few weeks ago I spent a week with Lloyd Smith shooting ducks in Marysville. At that time I learned that you were no longer in business and lamented the fact.

I do not know at this time what the result of the new change in the Mexican law will be. If it continues as it is, I will not send, of course, anybody to Mexico and will be desirous of a place such as you have had in the past to which I can send my clients.

Please keep me advised of your plans as although we have never met, I feel I know you quite well.

Sincerely,

ELI H. BRONSTEIN
