

WEDNESDAY, OCT. 10, 1934

This morning Judge Souter came into the office and said "Say Clel - will you do something for me?" "Why of course Judge. etc." "Well, as you know, Mr. Kalish of New Jersey is representing Dr. Sherman's wife. Kalish came here from New Jersey and has been here a week. You know Dr. Sherman is in hiding - way out in the desert at Tooley Ranch - and is going by the name of Hamilton. Well, I must get him in town about noon tomorrow without them catching him or serving any papers on him. Could you come to my house about 8:00 tomorrow morning - take my car and drive out to get him?" - Certainly, etc. This afternoon I called Mrs. Wallis and asked if she would like to go along tomorrow - delighted!

Today was full of events not worth recording. I did get some work done but there were so many interruptions that the entire day was practically a miss out.

This evening Mrs. Kerr gave a dinner party at the home of Dr. Church. I was invited as a partner for Mrs. Jewell (see Thurs. Oct. 4) I had a very enjoyable time but - talked too long with Dr. Church about his world travels and his writing. Mrs. Jewell was a bit bored and restless - before the evening was over, she invited me to have dinner with her at Franzden Apts. Friday.
